

Curriculum by:
Greg Hartmann &
Josh Moore

This series is simply supposed to spark conversation and awareness among you and your friends about the importance of being involved with a church community.

COMMUNITY QUESTIONS:

Think of your peers, statistics say 75% of students aren't returning to church after they leave for college, why is this? What are we doing wrong?

How is this going to effect the future of the church?

We are more connected today than ever before thanks to the gift of technology, why do we, ironically, feel more disconnected than ever?

Do you really know the people on your Facebook, Instagram, Twitter, etc.?

Why do we tend to try and do things by ourselves? Are we prideful? Arrogant? Or just lost?

PERSONAL QUESTIONS:

How do you value church?

How important is it?

How close are your relationships?

What type of relationships are they?

How do you feel about yourself?

Do you have anyone who really knows you?

Are these relationships that I have taking me deeper into Gods word and what he wants for my life?

Take a moment, be honest with yourself, where are you with your walk with God? And where do you want to be?
